# Graduate!

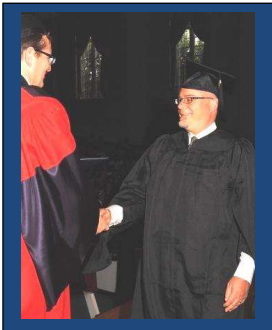

## Master of Arts in Intercultural Studies

As of December, 2012, TK is now a Wheaton College graduate. With hard work and perseverance he made it through a three semester course in just over a year, handing in his final paper just after Labor Day. We would like to give thanks and praise to our Lord for His provision – strength and wisdom to finish the course. Also, we appreciate the scholarship from the Billy Graham Center and all our faithful ministry partners for their continuing support which enabled us to take a year for this opportunity.

### Was it worth it?

YES! The exposure to the latest in missions thinking and the opportunity to delve into relevant topics with excellent professors and sharp fellow students was invaluable.

One of the new ideas which has really taken root was the subject of TK's final class, an independent study. It is causing us to think again about how we present the gospel to Kuy people. Their worldview is centered around spirits which influence their lives in many ways. They live with a constant fear of displeasing the spirits. Therefore, it makes sense when presenting the Gospel to them to emphasize Jesus' victory over Satan in his death and resurrection.

Pray for TK to have wisdom to apply what he has learned to our ministry among the Kuy in Cambodia, Thailand and Laos.
