

MISSION KAMPUCHEA 2021

MK 2021

22 October 2010

VISION: to mobilize the body of Christ in Discipling Cambodia.

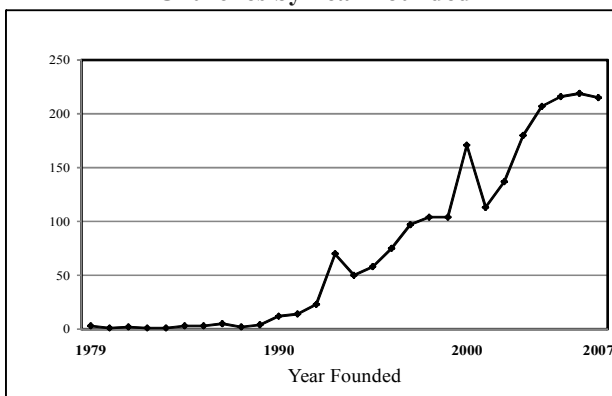

STRATEGY: by planting transformational holistic churches in unity with all ethnic groups in Cambodia.

GOAL: to bring salvation and holistic development throughout Cambodia by the year 2021.

MK 2021 is a cooperative effort of the Cambodian Church which desires to help fulfill Jesus' command to disciple the nation. Many different churches, mission organizations and individuals have come together in this vision. Specifically, MK 2021 envisions a Christian presence in every Cambodian village by 2021. This vision captures our hearts too. We will continue to focus on the Kuy villages. But Tom is also having a part in the wider vision.

There are several aspects to the vision including mobilization, prayer, resources, and strategy. Tom heads the research committee. A fairly comprehensive field survey has already been conducted to find out where the churches are in the country. This will help identify areas for church planting efforts. Tom was able to connect with some outside resources which are lending significant expertise to the research including a customized computer database program. The results of the research show that there are churches in every province and almost every district. But out of the 14,073 villages, only about 2000 have churches which means there is still a lot of church planting yet to be done. Because the church is pretty well distributed throughout the country, much can be accomplished by churches in one village planting a church in a nearby village.

Churches by Year Founded

This graph illustrates the exponential growth in the church in Cambodia from 1990 to 2004. It is troubling that in the last few years the growth has leveled off. A fresh emphasis on planting new churches may help the Cambodian church move forward. Churches united behind a common vision can build momentum. This is why we feel MK 2021 is so strategic and important at this time. Won't you join us in prayer?

- For the church in Cambodia to widely embrace the MK 2021 vision.
- For wisdom for Tom as he leads the research

team, that they would be able to provide ongoing, current, and accurate information.

- That God would empower the Cambodian church to intentionally plant churches that will reproduce.
- For a church in every village of Cambodia by 2021!
